## BROTHERHOOD OF TRAITORS

Hidden in the Nigerian jungle, a secret military brotherhood is plotting revolution. When rumors of this terrorist force reach Washington, the government must act quickly—without raising red flags in the African country. U.S. military forces can't be part of the equation, which means there's only one man who can fly in under the radar and get the job done.

Mack Bolan teams up with Nigerian soldiers and a small group of local fighters to seek out the brotherhood's base camp and expose its leaders. But he soon learns corruption within the country runs deep. Someone on his team is a hired killer, and Bolan is his target. With the traitor poised to strike at any time, Bolan must rely on instinct alone as the group closes in on the camp and the battle begins. His enemies may try to run, but they can never hide from The Executioner.
